

**Name of memorial:** War Memorial

**Inventory No. 321**

**Place:** The Diamond, Derry City

**Address and map reference:** The Diamond, Derry/Londonderry. Map reference: C 434 166.

**Position:** Within a railing in the centre of the Diamond.

**Description and dimensions:** Bronze figure of winged Victory holding a laurel wreath and a sword on a pedestal. At its foot, life-size bronze figures of a soldier lunging with his bayonet and of a bare-footed sailor. On the corners are four bronze plaques bearing the names of over 750 names of those who died in World War I.

N.B. The names, which show only surnames and initials, are in very small letters and cannot be approached closely. It was therefore not possible to transcribe the names from the memorial. The list of names given here, with other details, was drawn up by Trevor Temple. Only a sample plaque is shown on the website.
